

Carpentry Skills

Foundation Studies

Who is the course for?

The course is for people with learning difficulties who want to improve their work skills by developing more carpentry skills.

What does the course aim to do?

The course enables you to identify work skills involved in carpentry whilst improving numeracy skills. Tutors will give you the opportunity and support to identify what skills you need to work on and help you to make progress by achieving your targets.

What will be covered?

The work skills needed to work in a carpentry workshop. These will include Health and safety rules, planning, using hand and power tools when appropriate. You will also learn how to work with different woods and finishes to complete small projects.

What are the final qualifications?

You will receive a Course Certificate for the numeracy skills you have achieved.

How will I be assessed?

You will set yourself numeracy targets with the tutors and collect evidence to show that you have achieved those targets. Assessment is continuous throughout the course.

What facilities will be provided?

All facilities will be provided.

Will I have to study at home?

No

Are there any additional costs?

Minimal costs may occur for some projects to cover materials.

What course can I do next?

The college offers a range of courses in Foundation Studies part-time programme and these are advertised in the college Part-time directory. There are other **Work Skills** courses and courses for **Independent Living Skills** which aim to improve your numeracy or literacy. **Investigating Recreation and Leisure courses** are also offered to help you develop hobbies and interests.
